Opportunities Package

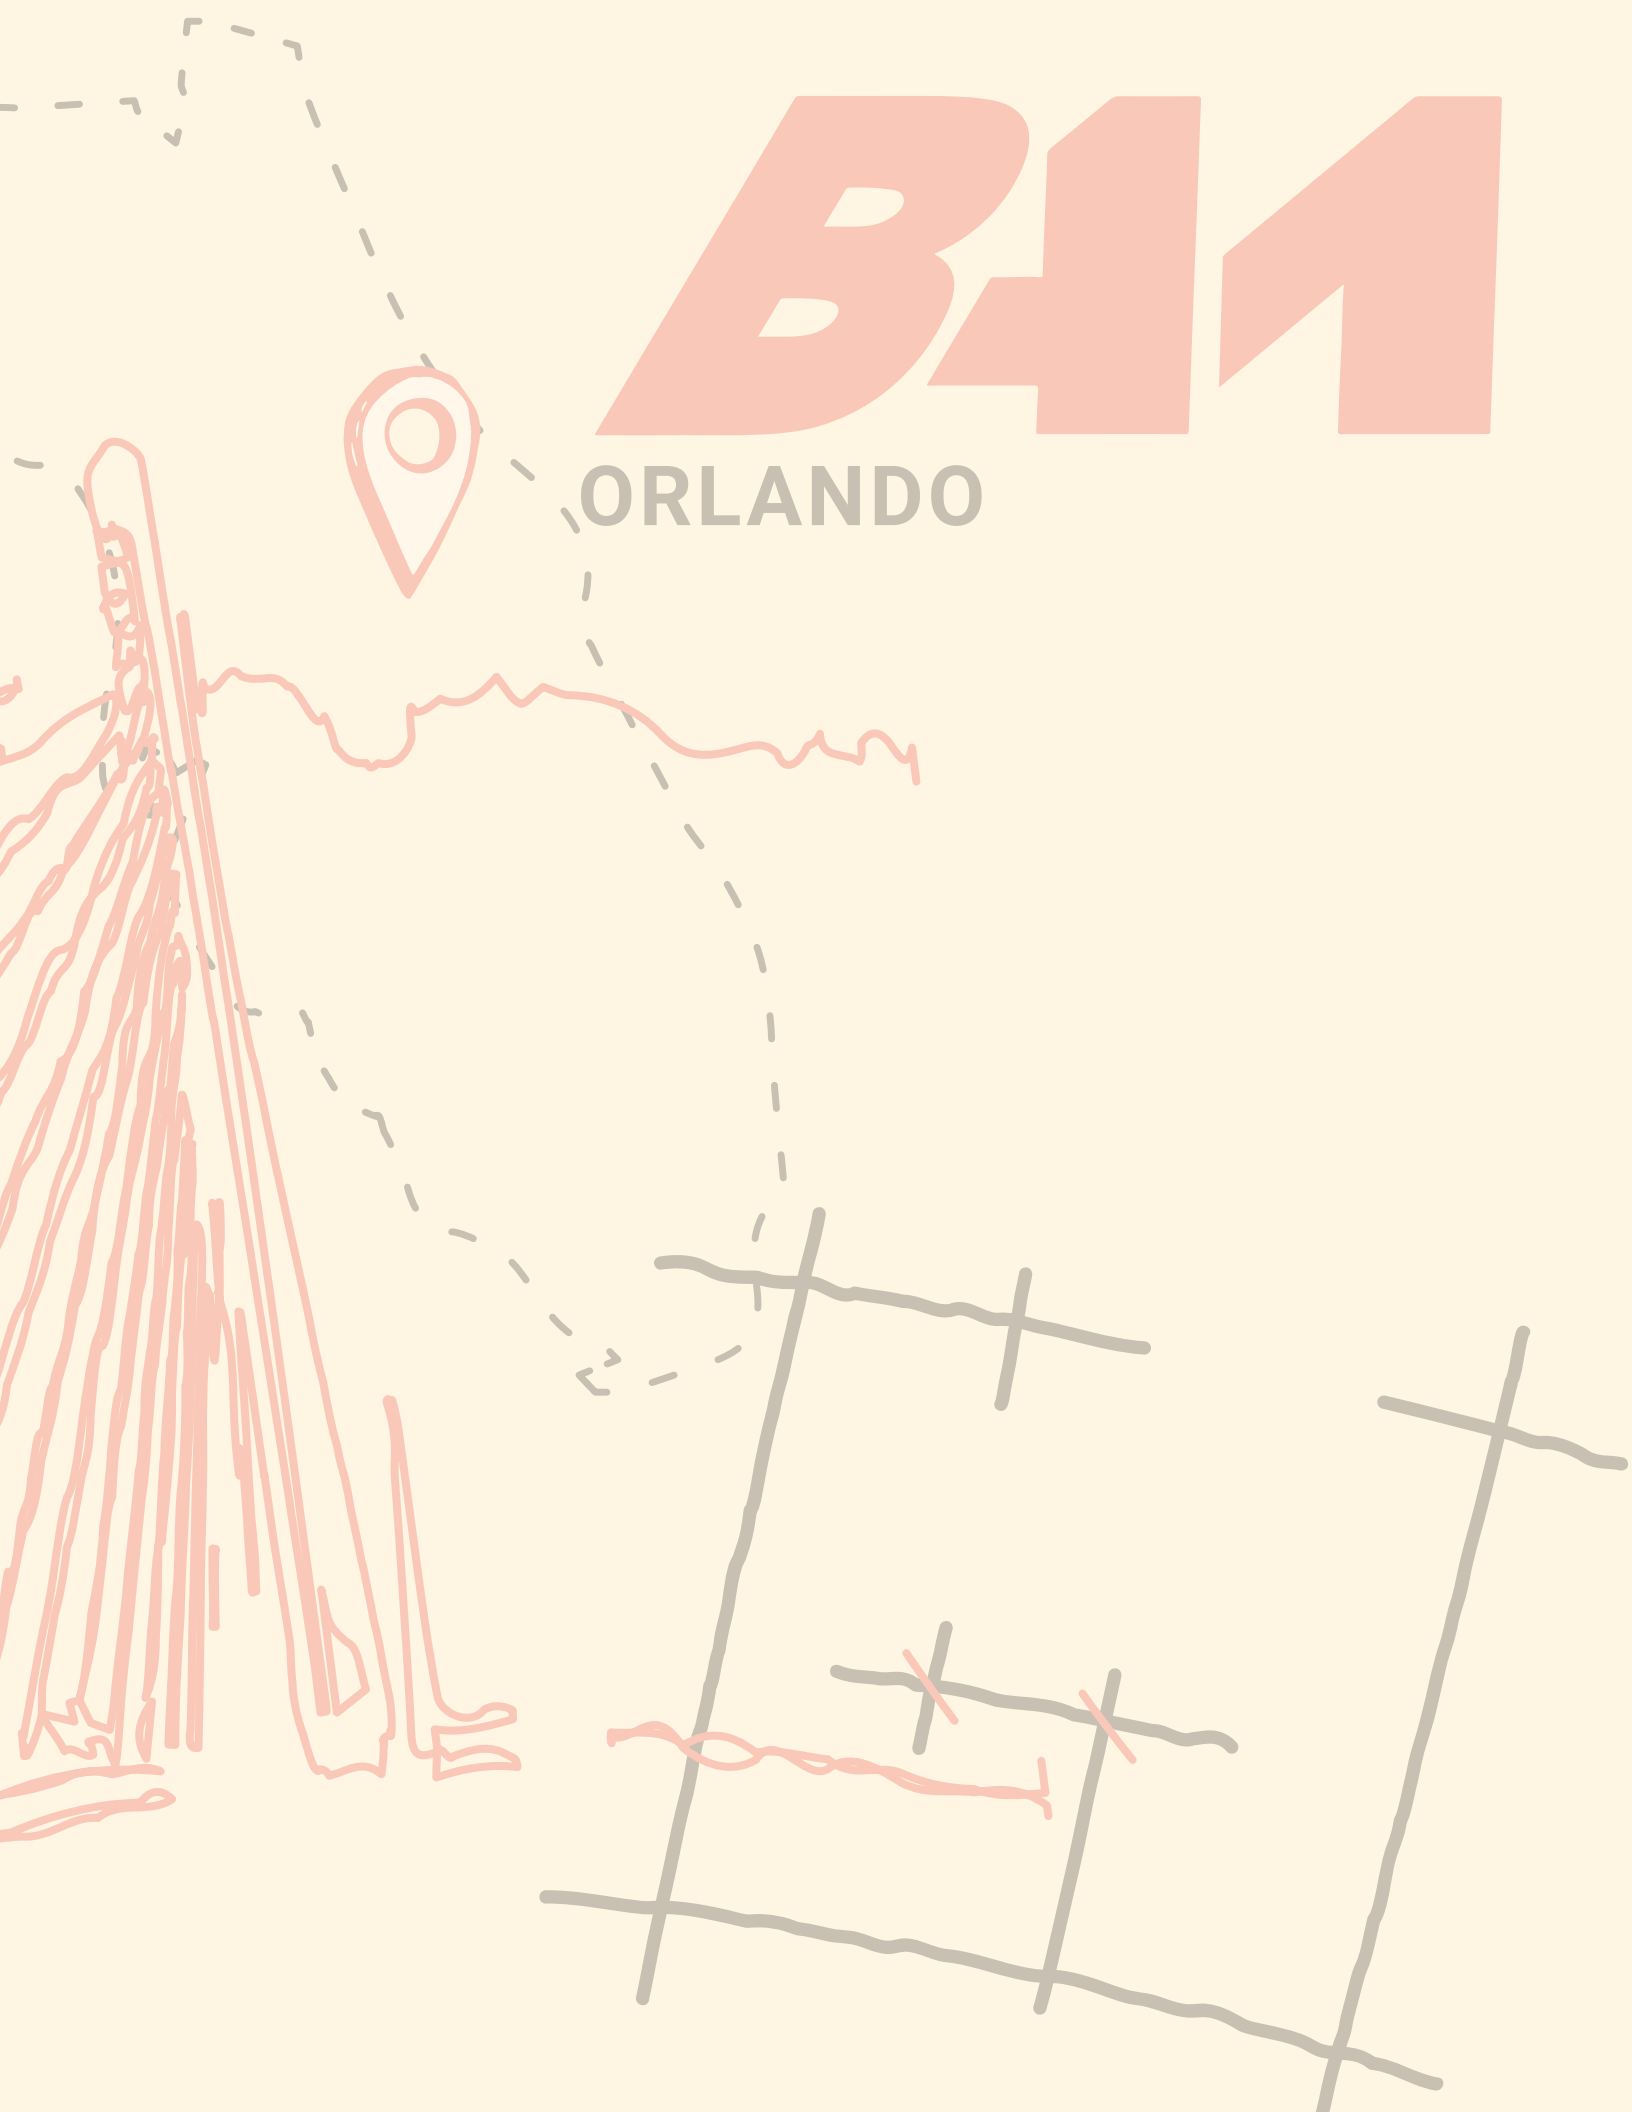

The background is a light beige color. It features several hand-drawn red lines: a horizontal line near the top, a series of parallel diagonal lines sloping upwards from left to right, and some vertical lines on the right side. In the upper left, there is a dashed black rectangle. The title text is located in the bottom left corner, enclosed in a dark grey rectangular box with a rough, torn-edge effect.

ORLANDO

Sneak Peek

Charmettes + IIDA

Established in 1964, the Charmettes collaborated with BAM for a model-making workshop. Where we provided students with materials and BIM resources to aid in the assembly of the laser cut homes. Students received a program overview of the home, where we emphasized the significance of spatial relationships in design decisions.

Community Inspired Design + Brown Joy

Explore design while spreading positivity! This Community Inspired Design + Brown Joy teamed workshop encouraged creativity & collaboration. Students left with a deeper appreciation for the impact of design in shaping communities while spreading joy.

Spark STEM Fest

The Orlando Science Center's biggest event of the year! Packed with STEM excitement, this event sparks curiosity and invites students to explore the wonders of the STEM world. BAM's exhibit showcased cutting-edge AI technologies, guiding students in crafting sustainable office building designs.

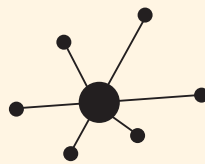

Our Mission

*Decrease the awareness issue
about architectural pathways
in BIPOC communities.*

Mission

Mobilize architects passionate about their craft to communities where predominantly BIPOC families live, learn, and play to engage students in a creative and inspirational way

Connection

We engage with members of the local community to organize interactive workshops, create scholarships, and offer internship opportunities for students.

Impact

Elevating Dreams, Empowering Futures. BAM Orlando is a catalyst for change, igniting passion and potential in the next generation of diverse architects
